

Clearmac®

Location

Queens Gate Shopping Centre, Peterborough

Material

Clearmac® cold-applied paving in gravel (CL001)

Why Clearmac®

A hard wearing surfacing was required for pedestrian areas in a partly covered walkway in a city shopping centre. A light coloured finish was required to lighten up the area and also to be a feature of the recently completed improvement works

Clearmac® cold-applied Gravel macadam was laid in areas separated by stone paving. The cold-applied macadam is ideally suited to this type of installation because the surfacing does not require compaction by heavy plant, enabling an intricate design to be used in the paving area and avoiding the likelihood of damage to the other paving finishes.

Size

75m²

Project particulars

Date: 7 October 2002

Contractor: A Coopland

(Project Performance Review; Product 9/10, Service 9/10)

Architect: Lambert Scott Innes

Client: Norwich Union
